

BE A STAR IN THE *Actress Contest!*

Available to all age divisions except Princess division.

Have you ever thought about breaking into acting, modeling, or being in a commercial?

If so, then this is a great opportunity, created just for you! The Actress Contest is a great way to participate in a "screen test" just like the pros and was designed for National American Miss by Bob Luke, a nationally recognized talent scout and acting coach, who has worked with many stars, including Sarah Michelle Gellar and many Hollywood screen actors! It's so easy and fun! Just choose from one of the easy commercial lines listed on the back of this page, get on that stage, and do your thing!

Instructions for the contest:

Choose a Commercial Script from the back of this page.

Rehearse your lines at home. At the pageant, you'll see live examples of the Actress Contest.

- The emcee will be playing the part of the "director." At the director's instruction, "Slate your name," you will say your name.
- You will then have two chances or "takes" to perform your commercial.
- For the first take, the director will say, "3, 2, 1, Action." You will then PERFORM YOUR COMMERCIAL. After you have completed your commercial, the director will say, "Cut."
- After you have finished the first take, the director will count down for the second take.
- 3, 2, 1, Action – PERFORM YOUR COMMERCIAL AGAIN.
- You may do the second take identical to the first take or do it differently.
- When you have finished your second take, the director will say, "Cut."
- After both takes you will exit the stage.

Each judge on the Actress Contest judging panel will give you one score based on your best of the two "Takes."

Wow...two separate chances to WIN! You can choose to enter this contest TWICE – simply choose 2 of the Commercial Scripts on the back of this page. You will still get to present EACH entry twice. Make a copy of the Actress Contest Card included in Magazine #3 or pick up an additional card at Pageant Check-In for your second entry.

FAQ:

Do I need to wear the Official Production Number Outfit exactly as described?

YES. You must wear the Official Production Number Shirt with denim shorts, white socks, and white sneakers. So, please, no added accessories, hats, gloves, coats, vests, or other add-on clothing.

May I bring props on to the stage for my performance?

NO. Props are not allowed during the Actress Contest. Nothing can be carried or placed on the stage. This contest will be run just like an authentic acting audition. You will be scored on your acting ability and delivery. Props tend to be a distraction, so they are neither necessary nor allowed for this competition.

May I perform a commercial not listed on the back of this sheet?

NO. State Finalists must choose their lines from the list provided by your state office each year. Please note that the Actress lines change from year to year, so please be sure that you are using lines approved for this year. Judges will deduct points if a commercial is not approved for the current year, even if the lines were approved for previous years.

May I change or alter the actress lines in any way?

NO. You must recite the actress lines as they appear on the back of this page. The judges are familiar with the scripts and have been instructed to deduct points if they hear a significant change to any lines. It is okay if you forget a word or sentence arrangement because you are nervous. Focus on your delivery of the lines and try to match your "character" to the lines.

Remember!

Actress Contest Lines may **NOT** be altered... Also, check out which lines have been removed and added for this year!
